In re Application of :  
Rosenstock, Dykiel, Lagueux, and :  
Duthie : DECISION ACCORDING STATUS  
Application No. 10/676,744 : UNDER 37 CFR 1.47(a)  
Filed: 30 September, 2003 :  
Atty Docket No. IS01409MCG :  
:

This is in response to the renewed petition filed under 37 CFR 1.47(a) on 3 May, 2004.

The petition is **GRANTED**.

Petitioners have shown that non-signing inventors Dykiel and Lagueux cannot be found, while joint inventor Duthie has refused to sign the declaration after being presented with the application papers. Specifically, the affidavits of V. Lynn Webb filed with the present renewed petition, and the original petition, establish that attempts were made to locate non-signing Dykiel and Lagueux inventors by mail, however the application papers sent to the inventors were returned as undeliverable and refused, respectively. Additionally, joint inventor Duthie failed to sign and return the declaration after being mailed a copy of the application papers and contacted by telephone and email. Previous communications by email additionally show that Dykiel and Lagueux indicated an unwillingness to sign the declaration.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the renewed petition, not the declaration. Notice of the filing of this application will also be published in the Official Gazette.

The application is being forwarded to Technology Center 3600 for examination in due course.
